Mwayi Kamvantope
3D Artist & Software engineer

I'm Mwayi Fortune Solomon Kamvantope, a Software Engineer by trade and Game Developer by passion. Currently pursuing a Bachelor's Degree in Computer Science at DMI St-John The Baptist University in Lilongwe, Malawi, I'm passionate about leveraging technology to enhance the quality of life for all. I approach every task with this mindset while also acknowledging that technology is not always the solution to social problems. My ultimae goal is to become one of the world's greatest Video Games Developer. Telling incredible immersive stories through my craft.

Experience

Jan 2023 - Mar 2023
Kwathu Innovation and Creative Centre | Ntha Foundation
MMTP Trainee (Research & Web design Intern)

Conducted thorough research to identify and profile potential Grant opportunities for the company, showcasing a keen eye for identifying funding prospects. Additionally, played a pivotal role in enhancing the company's online presence by auditing and recommending SEO and Accessibility optimizations for its websites. Furthermore, crafted and implemented sample optimization and content plans for the company's YouTube channels, demonstrating a strategic approach to content management.

Nov 2022- Jan 2023
PonyaSchool | Online Coding Bootcamp
Front-End Developer

Led the development of a comprehensive landing website for the company's upcoming online coding boot camp, showcasing proficiency in web development. Oversaw the entire process, including UI and UX design, copywriting, and content creation, ensuring a seamless and engaging user experience. Effectively managed client communication and requirements gathering, highlighting strong interpersonal and project management skills.

Feb 2022 - Jan 2023
NXTGen Labs Malawi
Software Engineer & Coding Instructor

Utilized advanced design software skills, particularly in Figma, to contribute significantly to various projects. Successfully developed software solutions based on precise design specifications, showcasing a commitment to delivering high-quality results. Introduced and implemented innovative software solutions, demonstrating a forward-thinking approach to technology. Exhibited a deep passion and dedication to software development, contributing to a dynamic and collaborative team environment.
